

Samuel's Awakening

Something happened
I've been awakened
To a whisper in the night
My body's shaking, my mind is raging
Something's wrong, but something's right

If it's You
Then Father here I am
If it's me
Please call my name again
If it's time
To shake this world
Awake me Lord

Spirit teach me
How to follow
When darkness overtakes the light
To find the place
My Father waits
My soul's breathing with new life
